CargoSMART™

Intelligent Storage Solutions

CargoSmart™ intelligent storage solutions include; storage bins, convenience trays, customized tool caddies, deck lids and load floors. These products help secure and organize cargo in today's multi-purpose, sport utility and passenger vehicles.

CargoSmart™ solutions are manufactured from strong, lightweight and water resistant, expanded polypropylene. They can be designed to complement the load-floor and provide an integrated system, that optimizes form, function, weight and cost.

CargoSmart™ innovative products deliver new levels of form and function, and are ideal for capturing and organizing storage spaces, that are often under utilized.

CargoSmart™ is another
 GreenLite Innovation

GreenLite™

Low Mass Environmental Automotive Technologies

GreenLite Innovations by The Woodbridge Group include a growing menu of high performance, low mass automotive foam solutions, to help improve fuel efficiency and reduce CO₂ emissions.

More, Better, Faster™
