IntelliSense[™]
Comfort/Energy Management Headrest Foms

IntelliSense[™] comfort and energy management foams offer part of a comprehensive response to FMVSS 202A requirements. The key to this technology is a patente strain-rate sensitive foam formulation, that provides this optimum balance between comfort and safety.

IntelliSense[™] foam is a temperature stable material that is soft to the touch, under light pressure and normal use. However, under sudden impact conditions, **IntelliSense**[™] foam responds immediately, by transforming into a highly effective energy absorber.

IntelliSense[™] is another
GreenLite Innovation

GreenLite[™]
Low Mass Environmental Automotive Technologies

GreenLite Innovations by The Woodbridge Group include a growing menu of high performance, low mass automotive foam solutions, to help improve fuel efficiency and reduce CO₂ emissions.

More, Better, Faster[™]
