

THE WOODBRIDGE GROUP®

Mastering Science To Serve Our Customers™

AP

Adaptive Comfort & Support

INNOVATION ADVANTAGES

- Intuitive Signature Comfort - Tailors comfort to the occupant's specific shape, size and weight, to provide ideal seat cushioning to a far greater range of body types
- Rate Sensitive Response - Conforms to the body offering a pleasing plush feel and a unique holding-in effect, to significantly improve showroom comfort
- Increased Surface Contact Loading - Mitigates pressure points and promotes correct lumbar posture, significantly improving long trip comfort

AdaptiPedic™

Signature Comfort and Orthopedic Support Technology

Woodbridge **AdaptiPedic™** seating foam utilizes "Signature Response Chemistry" to deliver an unparalleled premium feel, which tailors to the occupant's specific shape, size and weight, dynamically adapting to a far greater range of body types, well beyond the current industry norm of a 50th percentile male.

AdaptiPedic™ foam provides a rate sensitive response, conforming to the occupant's body to offer a "holding in effect" with a unique and pleasing plush feel to improve initial comfort.

Additionally, **AdaptiPedic™** seating foam offers increased surface contact loading to better equalize body pressure distribution and promote the correct lumbar posture, mitigating pressure points and significantly improving long trip comfort.

More, Better, Faster™
