DecoSkin[™]

Alternative Trim Technologies

DecoSkin[™] alternative trim technologies offer natural looking, durable, Class A surface treatments over an adjustable firmness foam core, in a one piece design.

Available in three treatment options including; Spray Skin, Integral Skin and Vacuum Form Vinyl processes, **DecoSkin[™]** products offer a more affordable alternative to secondary trim operations, and are an ideal solution for complex styling challenges.

DecoSkin[™] finished surface foam solutions are available in a wide variety of natural looking surface treatments, that can be texture and color matched for many applications including; seating, head restraints, armrests, door panel pads, horn pads, consoles, steering wheels, grab handles, emergency brake handles and shift knobs.

More, Better, Faster[™]
