

THE WOODBRIDGE GROUP[®]

Mastering Science To Serve Our Customers[™]

CompactFoam[™]

CompactFoam[™] is an innovative lightweight solution for AV/EV vehicle seating. These products work to meet the style and comfort customer want with the weight reduction advantage that manufacturers need.

CompactFoam[™] solutions deliver new levels of form and function, and are ideal for the design of modular vehicle seats that support strategic storage features.

INNOVATION ADVANTAGES

- Significantly thinner profile cushion than standard foam
- Provides more space for passengers without sacrificing comfort
